Please keep in mind:

- The Library will not add items to the collection that do not meet our selection criteria.
- Due to the volume of donations and requests we receive, we are unable to notify individuals if we choose not to add the title to the collection. EMPL cannot suggest a specific time at which a final decision will be made regarding the work, but, in general, a selected title would be added to the collection within 90 days of submission, and a title that does not appear in our catalog in that time may be assumed to be one that did not meet our needs for the collection.
- Library books are subject to periodic weeding if they are in poor condition or not being checked out.
- If the book is not added to the collection, the Library will donate your book to the Friends of the Library book sale. We are not able to return the book to you.
